WELCOME!

At Discovery Theater, we've been providing educational fun for school and family groups for more than 50 years. We know our audiences come with a variety of backgrounds, experiences, and expectations, and we want to make sure everyone has the best visit possible.

WHAT TO EXPECT DURING YOUR VISIT

Before the Show:
A Discovery Theater staff member will welcome your group outside the theater and students will line up in the hallway. A lead teacher will check in at the box office and give a total head count. Groups are then sat in the order in which they arrive. Teachers are usually seated at the ends of the rows where their students sit, and chaperones on the risers behind them.

Before the show starts, a House Manager will go onstage to welcome you and review the theater rules. Some rules apply to every show, and some may be specific to your performance. The House Manager will let the audience know what to expect.

After the Show:
To ensure the safest and most efficient traffic flow, the House Manager will dismiss the audience group by group. Please keep your students seated until you hear your group name called. To ensure our next performance begins on time, we ask groups to put on coats, etc. out in the hallway.

WHAT TO GO OVER WITH YOUR STUDENTS BEFORE YOUR VISIT

Theater Etiquette:
- Tell students they’re going to a live performance with real actors/artists
- Encourage restroom use before the performance
- Food, beverages, and candy should be discarded before entering the theater
- Stay with your group and follow the House Manager’s instructions about seating
- Respect those around you by not whispering or talking during the performance
- Participate during the show and respond to the performers if they ask the audience a question
- Stay seated unless you are asked to move by a performer or staff member
- Show appreciation by clapping. Applause shows the performers how much you enjoyed it!
- Have fun and learn something new!

Remember: When students know where they are going, why they are going, what they are going to learn about, and something about the subject, they gain a better appreciation for the performance. They will observe more closely, retain more information, and make connections to their school work.
